

Instructions for upgrading NATEF Task Assistant to version 8.0

This update package includes version 8.0 of NATEF Task assistant as well as an upgrade to the Microsoft Access 2007 runtime environment. It is compatible with all versions of Windows including Windows Vista and Windows 7.

If you need assistance please contact Russ Knodle at Knodle@aol.com or 815.670.5954

1. Back up your data file - GradeDat.mdb
2. Uninstall the current version of NATEF Task Assistant – Control Panel Add/Remove Programs
3. Reboot your computer
4. Go to www.equisoftusa.com
5. Click on the “NATEF Task Assistant 8.0 Upgrade link
6. Save the file “NTA8Upgrade” to your computer – this is a 62mb file - it may take some time depending on your connection speed
7. Run the “NTA8Upgrade”
8. If you are a single user copy your data file “GradeDat.mdb” to the C:\Program Files\LSGrade folder
9. Open the program
10. If you are a network user follow the prompts to attach your data file
11. You should see Version 8.0 and Build 2003 on the lower right of the main form.
